

Icebreaker at the Monterey Bay Aquarium

Join your fellow tour operators, sponsors and our Monterey County Partners for the Icebreaker at the Monterey Bay Aquarium and see why it's on a top 10 list for *Travel & Leisure Magazine*, has a number 8 ranking on the list of the 10 top attractions in the U.S. by TripAdvisor®, and why *Bon Appétit Magazine* awarded its 2008 "Tastemaker of the Year" award in recognition of their Seafood Watch program for its influential role in transforming seafood buying habits across the USA.

And, NTA has just added an alternative attraction for the end of the evening. After 9 p.m., there will be a Private Showing at the IMAX Theater just a block down from the Aquarium. The IMAX will be showing the National Geographic Prehistoric Adventure — Sea Monsters 3D with original music by Peter Gabriel. The show is only 45 minutes and you will be served Gelato dessert and movie treats to round out your experience. The shuttles back to the Host Hotels will stop by and pick those who have chosen this option.
